2017 CT Youth Count!
Youth are significantly under-counted in the Point-in-Time Count. A Youth Count was held separate from, but in conjunction with, the PIT Count. An estimated 4,396 youth under age 25 reported being homeless or unstably housed on the night of January 24 in Connecticut.
Health and Safety

CT PIT collects data on a number of common service needs that are shared by a large proportion of individuals facing homelessness. By using this information about health and safety needs, more targeted interventions that allow a focus on well-being in addition to housing can be developed.
