8. After you enter your annual assessment start date, as long as it falls within the allowable date range, HMIS will open the annual assessment work flow. If you put in a date that doesn't fall within the date range you will see an error message and you will be prompted to enter a correct date.
9. **THIS IS IMPORTANT:** after clicking save in the Assessment Begin Date window, **BE PATIENT**. This window will take 5 to 10 seconds to load. You will see the save button first and the rest of the screen will be blank. Make sure to **WAIT** until the page loads completely.

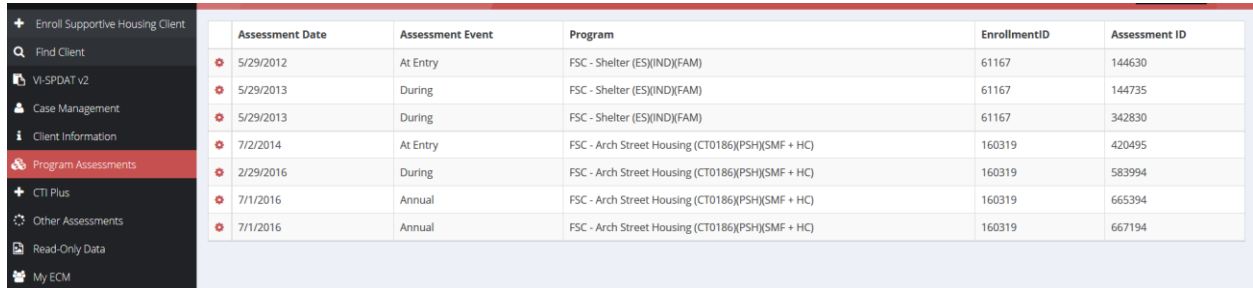

The screenshot shows a web-based assessment form. At the top, there is a header bar with the text "Assessment" and a dropdown menu showing "7/1/2016 - FSC - Arch Street Housing (CT0186)PSHySMF + HC - Annual". Below the header, there are two main sections: "Non-Cash Benefits from Any Source" and "Health Insurance". Each section contains a dropdown menu labeled "Non Cash Benefit" and "Health Insurance" respectively. At the bottom right of the form, there are two buttons: "Save" and "Cancel".

10. The annual assessment workflow will allow you to update the following:
 - a. Non-Cash Benefits
 - b. Health Insurance (yes/no)
 - c. Health Insurance Type
 - d. Income Spreadsheet
11. It is important to know what these values were in your entry assessment and most recent assessment to make sure you are making the correct updates and/or taking notice if a client had non-cash at entry or last assessment and for some reason they no longer have it. Same goes for Insurance and Income. You should be aware if you are inputting a change that is a reduction from the previous assessment.

1. Click on 'Program Assessments' in the left side menu
2. Select HUD Program, HUD Financial or HUD Health Insurance – these three assessment get updated with the annual assessment
