

Suggested Best Practices for Vaccine Data

- Whenever possible, ask for the client to show their vaccination card.
- Store image of vaccination card in documents section of HMIS.
- If client does not have card, ask them to login to CT WiZ or VAMS for documentation in front of you.
- If the client can't or won't produce vaccination card, enter **'No Vaccination'** as the status.
 - Update if/when you have documentation.
 - It is better to record that there is no confirmed vaccination then enter that a client is vaccinated when they may not be.

Obtaining Vaccination Information

Contact Provider

1. Contact your vaccination provider to request a copy of card
2. Log into the patient portal and download copy of vaccinations

Login to VAMS

If you have an account, log into VAMS and download copy

- https://vams.cdc.gov/vaccineportal/s/recipientlogin?language=en_US

Get from DPH

1. Access your record via CT WiZ public portal
https://ctwiz.dph.ct.gov/ctwiz_public/Application/PublicPortal
2. Call the CT Department of Public Health Immunization Program at **(860) 509-7929**
Monday through Friday
8:30am-4:30pm
