Principles of Building Power

1. Power = the ability to make things happen the way we want them to
2. Power = organized people + organized money + organized ideas
3. Power ≠ service
Case Studies & Examples
New Haven tenants union advocates for improved living conditions, communication with landlords

The formation of tenants unions against landlords including Ocean Management and a smaller landlord have revealed widespread frustrations with poor living conditions.

284 Church, now under new ownership.

An Edgehill-based landlord has purchased a church-affiliated apartment building downtown.

The property's tenants are concerned whether the new owner will be as good to the building as the previous owner was to the building's tenants.
